

BACHELOR OF APPLIED SCIENCE

INDIANA UNIVERSITY
ONLINE

Take the skills from your AAS to the next level of opportunity.

With IU Online's **Bachelor of Applied Science (BAS)**, you supplement the technical skills from your Associate of Applied Science (AAS) with the knowledge and experience that can prepare you for a role as manager or supervisor.

Choose your track:

- **Healthcare Management**
Learn healthcare management, systems, and safety.
- **Sustainability Studies**
Apply principles of sustainability to solve problems and implement sustainable practices.
- **Informatics**
Learn to design, implement, debug, and test software applications, and learn informatics specific problem-solving techniques.
- **Individualized**
Further your skills or learn new ones in such fields as criminal justice, public affairs, psychology, and graphic design.

Career Outcomes

The online BAS can prepare you for such careers as:

- Office manager
- Human resources manager
- Hospitality manager
- Allied health professional
- Construction and safety manager
